#### Five-Year Network Improvement Plan and Progress Report

ATTACHMENT REDACTED IN ENTIRETY

#### Certification of Service Quality Standards & Consumer

#### Protection Rules Compliance for Voice and Broadband Services

Golden West Telecommunications Cooperative, Inc. (hereinafter "the Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules.

This document details the processes and procedures that the Company follows to ensure compliance with service quality standards and consumer protection rules as laid out in FCC Form 481 Instructions.

The Company provides voice grade access to the public switched telephone network (PSTN) at a flat rate, thereby enabling access to emergency services provided by local government or other public safety organizations such as 911.

For service quality standards that are affected by plant issues, the Company engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, safe, adequate, and continuous service at all times.

In addition, employees are periodically trained on service quality standards and consumer protection issues. In particular, if any set of issues appear to be prevalent, employees are given briefings on how to handle such issues, beyond the normal guidelines in place for resolution of customer complaints. A recent example is the call completion problems that have arisen and the customer calls that are generated as a result. Although this is not a service quality problem caused by the Company, it does affect customers of the Company and, therefore, deserves the attention of the Company employees.

The Company also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and that the operating procedures are not in violation of consumer protection rules. Internally a compliance officer ensures annual employee training and dictates disciplinary processes for improper use of consumer information. If concerns arise that cannot be handled by the compliance officer, legal counsel is sought to assist with a resolution.

If complaints are filed with the Company related to service quality standards or consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

The Company advertises the availability of its services and the charges using media of general distribution and on its website.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C 47 C.F.R. Part 8 §8.3.

The Company maintains six business offices throughout its service area providing customers with access to a customer service representative either in person or via a local telephone number or toll-free telephone number during normal business hours. Customers also have access to the repair service and internet help desk twenty-four hours a day, seven days a week by calling a toll-free number, or by calling one of the business office numbers, which forward to these services after hours.

#### Certification of Functionality in Emergency Situation

Golden West Telecommunications Cooperative, Inc. (hereinafter "The Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2). The Company's critical network infrastructure is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can take reasonable steps to reroute traffic around damaged facilities and manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available and the facility can be safely accessed, or until reasonable system changes are made to reroute traffic.

The capacity of the Company to function in emergency situations encompasses both voice and broadband.

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of backup power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

#### Golden West Telecommunications Cooperative, Inc.

#### **Description of Tribal Engagement**

Golden West Telecommunications Cooperative, Inc. (hereinafter "the Company"), study area 391686, provides services to areas of the Lower Brule Sioux Reservation, Rosebud Sioux Reservation, and Yankton Sioux Reservation.

#### **Lower Brule Sioux Tribe**

On October 15, 2014, by letter sent via certified mail to the Tribal Chairman, the Company requested a joint meeting with the Lower Brule Sioux Tribe to exchange information and discuss issues related to the deployment and provisioning of communications services on Tribal lands. The Company did not receive a response to the first letter; therefore, a follow up letter was sent via certified mail to the Tribal Chairman on December 3, 2014. No response was received from the follow-up letter. The Company received the signed certified receipts back for both letters confirming delivery to the Chairman's office.

#### **Rosebud Sioux Tribe**

On February 21, 2014, Greg Oleson, Golden West's Director of Member Services, Communications, and Government Affairs, had a discussion with Paul Valandra, Director of Economic Development for the Rosebud Sioux Tribe (RST) regarding Golden West's service on the Rosebud Reservation.

On April 30, 2014, Greg Oleson met with the President of the Rosebud Sioux Tribe and also with the President's Chief of Staff. This meeting was a follow-up to discussions held in 2013 regarding Golden West's offer to provide free Wi-Fi broadband at a tribally designated community building in each RST community. During this meeting Greg informed the RST President that the Company had turned up this service at the first location, a community center in St Francis, SD. A discussion followed concerning what community would be next. Following the meeting with the President, Greg traveled to St Francis with the RST President's Chief of Staff to look at the site.

On November 3, 2014, by letter sent via certified mail to the Tribal President, the Company requested a joint meeting with the Rosebud Sioux Tribe to continue discussions related to the deployment and provisioning of communications services on Tribal lands. The Company did not receive a response to that letter; therefore, a follow up letter was sent via certified mail to the Tribal President on December 3, 2014. No response was received from the follow-up letter. The Company received the signed certified receipts back for both letters confirming delivery to the President's office.

In addition to the St Francis community center, Golden West completed the provisioning of Wi-Fi broadband internet service to community buildings in the tribal communities of Parmelee, and Spring Creek by the end of 2014, and was making plans for a community center in Soldier Creek. Golden West provides the broadband internet service to these community centers at no charge and the service is available for free to patrons and visitors at these facilities.

#### Yankton Sioux Tribe

On October 15, 2014, by letter sent via certified mail to the Tribal Chairman, the Company requested a joint meeting with the Yankton Sioux Tribe to exchange information and discuss issues related to the deployment and provisioning of communications services on Tribal lands. The Company did not receive a response to the first letter; therefore, a follow up letter was sent via certified mail to the Tribal Chairman on December 3, 2014. No response was received from the follow up letter. The Company received the signed certified receipts back for both letters confirming delivery to the Chairman's office.

In accordance with provisions in the FCC's USF and ICC Transformation Order, paragraphs 636 and 637, and 47 CFR 54.313(a)(9), Golden West Telecommunications Cooperative, Inc. will again attempt to organize joint meetings with the Lower Brule Sioux Tribe and the Yankton Sioux Tribe in 2015 and will work to continue discussions with the Rosebud Sioux Tribe. If successful the Company, with Tribal input, will continue to evaluate the need for future service deployments on Tribal lands while working to overcome challenges associated with right-of-way and permitting processes. The feasibility and sustainability of communications services on Tribal lands will be discussed and the Company will, with assistance from the Tribal authorities, attempt to identify additional steps that can be taken to make essential communications services deployed on Tribal lands both feasible and sustainable. The Company and Tribal authorities will also discuss and explore ways in which they can coordinate to ensure that services are marketed on tribal lands in a manner that will relate to the community and resonate with consumers, with the aim of increasing service adoption.

#### Lifeline Terms and Conditions

Golden West Telecommunications Cooperative, Inc. offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost.

#### Lifeline Program Eligibility Information

#### **Program Based Eligibility**

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Low-Income Home Energy Assistance Program (LIHEAP)
Federal Public Housing Assistance (Section 8)
Supplemental Nutrition Assistance Program (SNAP)
Medicaid
National School Lunch Program's Free Lunch Program
Supplemental Security Income (SSI)
Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

#### Income Based Eligibility

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2015 Federal Poverty Guidelines - 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,889	\$19,872	\$18,292
2	\$21,505	\$26,892	\$24,745
3	\$27,121	\$33,912	\$31,198
4	\$32,737	\$40,932	\$37,651
5	\$38,353	\$47,952	\$44,104
6	\$43,969	\$54,972	\$50,557
7	\$49,585	\$61,992	\$57,010
8	\$55,201	\$69,012	\$63,463
For each additional person, add	\$5,616	\$7,020	\$6,453

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

#### **Tribal Eligibility**

A subscriber who lives on Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service or Tribal Link Up if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines. Subscribers eligible for Tribal Lifeline may receive their basic monthly telephone service at no charge.

#### Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, toll blocking is available to eligible consumers at no cost.

#### Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by Golden West Telecommunications Cooperative, Inc. Advertised rates do not include any applicable taxes or surcharges.

#### Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

#### Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

## Golden West Telecommunications – Vivian (SAC 391686) Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Golden West Telecommunications – Vivian, study area 391686, hereby certifies that throughout 2014, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream broadband service at with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas as determined in an annual survey, and that requests for such service are met within a reasonable amount of time.

# Golden West Telecommunications - Vivian (Study Area 391686) Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly Began Providing Service

The FCC's USF/ICC Transformation Order requires a listing of community anchor institutions to which the ETC newly began providing broadband service. Golden West Telecommunications Cooperative, Inc., study area 391686, did not newly begin providing community anchor institutions with access to broadband service in calendar year 2014.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions,

searching existing data sources, gathering and maintaining the	ne data needed, and con	pleting and reviewing	the collection of information.

#### PART H. CURRENT DEPRECIATION RATES

Are corporation's depreciation rates approved by the regulatory authority with jurisdiction over the provision of telephone services? (Check one)

YES

NO

BORROWER DESIGNATION

SD0508

#### OPERATING REPORT FOR **TELECOMMUNICATIONS BORROWERS**

PERIOD ENDED

December, 2014

INST	RUCTIONS – See help in the online application.		8					
	PART I – STATEMENT OF CASH FLOWS							
Beginning Cash (Cash and Equivalents plus RUS Construction Fund)								
	CASH FLOWS FROM OPERATING ACTIVITIES							
2.	Net Income							
	Adjustments to Reconcile Net Income to Net Cash Provided by Operating Activities							
3.	Add: Depreciation							
4.	Add: Amortization							
5.	Other (Explain)							
_	Changes in Operating Assets and Liabilities							
6.	Decrease/(Increase) in Accounts Receivable							
7.	Decrease/(Increase) in Materials and Inventory							
8.	Decrease/(Increase) in Prepayments and Deferred Charges							
9.	Decrease/(Increase) in Other Current Assets	_						
10.	Increase/(Decrease) in Accounts Payable	_						
11.	Increase/(Decrease) in Advance Billings & Payments							
12.	Increase/(Decrease) in Other Current Liabilities	_						
13.	13. Net Cash Provided/(Used) by Operations  CASH FLOWS FROM FINANCING ACTIVITIES							
14.	Decrease/(Increase) in Notes Receivable							
15.	Increase/(Decrease) in Notes Payable							
16.	Increase/(Decrease) in Customer Deposits							
17.	Net Increase/(Decrease) in Long Term Debt (Including Current Maturities)							
18.	Increase/(Decrease) in Other Liabilities & Deferred Credits							
19.	Increase/(Decrease) in Capital Stock, Paid-in Capital, Membership and Capital Certificates & Other Capital	_						
20.	Less: Payment of Dividends	_						
22.	Less: Patronage Capital Credits Retired							
22.	Other (Explain)							
1								
23.	Net Cash Provided/(Used) by Financing Activities							
	CASH FLOWS FROM INVESTING ACTIVITIES							
24.	Net Capital Expenditures (Property, Plant & Equipment)							
25.	Other Long-Term Investments							
26.	Other Noncurrent Assets & Jurisdictional Differences							
27.	Other (Explain)							
28.	Net Cash Provided/(Used) by Investing Activities							
29.	Net Increase/(Decrease) in Cash							
30.	Ending Cash
